

ALLSTAR

Quality Auto Glass Service

ALLSTAR Glass Company, LLC was formed when the partners of the Greater Grand Rapids CARSTAR Group teamed up with Michael Hoekstra and Samuel Patchett in the fall of 2005. The company recently celebrated their 1st year in business in December 2006 and continues to enjoy double-digit growth in sales.

The name ALLSTAR was chosen to represent the company because we feel it brings together the best team of auto glass professionals in the area. Samuel Patchett is the company president, Michael Hoekstra is the vice president and Steve Schoon is a managing partner.

Sam, Mike and the staff at ALLSTAR bring over 60 years of auto glass experience together with the 7 convenient CARSTAR neighborhood locations in the West Michigan area. In addition, their mobile units can repair or replace your windshield wherever your car is parked.

ALLSTAR will work directly with your insurance company to make the glass claims process as painless as possible. We have relationships with more than 80 insurance providers. So chances are we already have a Preferred Provider Status with your insurance company. This saves you valuable time during the glass replacement process and you'll say, "That was easy."

ALLSTAR believes in having local owners run the day-to-day operations of their store. So when you call your neighborhood ALLSTAR, you'll deal with someone who is vested in the community and strives to protect their own reputation. It's the best formula to ensure you get exceptional service every step of the way.
